Introduction

The Royal Wolverhampton
NHS Trust

- The Workforce Race Equality Standard (WRES) was launched in 2016 and aimed to improve the workplace and career experiences of our ethnically diverse workforce (Black and Minority Ethnic - BME) colleagues in the NHS.
- The Workforce Race Equality Standard is a set of nine specific measures that will enable NHS organisations to compare the experiences of our ethnically diverse and White staff. This report provides an overview of key areas and supports us in identifying direct actions to demonstrate progress against the indicators of Race equality
- The Equality and Diversity Council has commissioned the Workforce Race Equality Standard. It is mandated through the NHS Standard Contract.
- Metrics 5,6,7 & 8 are based on staff survey results. As a Trust, we facilitate a full census from all staff; the 2023 staff survey had 27% staff participation across the Trust.
- At The Royal Wolverhampton NHS Trust, we have a workforce of 11,371 staff. Our Electronic Staff Record (ESR) data shows that 37.5% of our workforce has declared themselves as ethnicities other than white. 1.5% of the workforce has not declared their race status.

The data sets in this report compare the experience of Black and Minority Ethnic (BME) staff to White staff.

Embedding an inclusive culture where diversity is valued and therefore championed at all levels is essential to delivering high-quality services to patients (better patient care, satisfaction and outcomes) and developing a capable, innovative and effective workforce for our future at Royal Wolverhampton NHS Trust.

Research shows that organisations that have diverse leadership are more successful and innovative. Staff who feel valued are more likely to be engaged with their work, and senior-level diversity increases productivity and efficiency in the workplace.

- Relative likelihood of BME staff entering the formal disciplinary process compared to white staff - The Trust's latest rate is 1.2, this has seen an improvement since 2023 (2.09).

We are committed to being a more inclusive organisation, ensuring equal opportunity and celebrating diversity. Encouraging and supporting the workforce we employ to reach their potential. This will support our ultimate goal to be a brilliant place to work and thrive.

During 2023 / 2024, we have achieved the following:

- Continuing to review our progress and delivery against statutory requirements and beyond, i.e. public sector equality duty, as well as a set of more ambitious objectives for embedding equality and inclusion across the organisation through both the response to WRES, WDES, Gender pay gap, Race Code and the NHS People Plan.
- Developed a robust framework that sets out how the Trust will embed inclusive leadership across all parts of the organisation through direct engagement and representation. This approach will engage with staff from all communities, professions and protected characteristics to improve the experience for everyone working at The Royal Wolverhampton Trust

Conclusion and Action planning

Our vision is “To deliver exceptional care together to improve the health and wellbeing of our communities”. We intend to build on and uphold our pledge to become a more inclusive Trust. The Equality, Diversity and Inclusion (EDI) Workforce Journey provides a framework to support the delivery of this vision.

The Equality, Diversity & Inclusion Journey is integral to our organisational ‘Shaping #Our Future Strategy’ and covers three years from 2023-2025 and identifies six core workforce priorities with key actions anchored in the employee life cycle. We reflect on national and regional workforce equality and inclusion strategies and priorities, including The Race Equality Code.

The EDI Journey is aligned with the Public Sector Equality Duty (PSED) compliance requirements under the Equality Act 2010. Taking into account national compliance drivers:

- Equality Delivery Systems (EDS)
- Work Race Equality Standard (WRES)
- Work Disability Equality Standard (WDES)
- Accessible Information Standard (AIS)
- Sexual Orientation Monitoring Standard (SOMS)
- Gender Pay Gap (GPG)
