Important Announcement

A new organisational approach is being taken on Functional Skills Requirements for Apprenticeships.

From the 1st August 2025

All new apprenticeship applicants for level 3 or above that do not already hold Math & English qualifications of a minimum GCSE C/4 or equivalent, will be required to complete the Functional Skills Qualification, either alongside their apprenticeship or before enrolment.

For Further information please see attached PDF or contact the WBL & Apprenticeships Team at:
rwh-tr.wblapprenticeships@nhs.net

Appendix 1_RWT Org
Guidance_Maths and

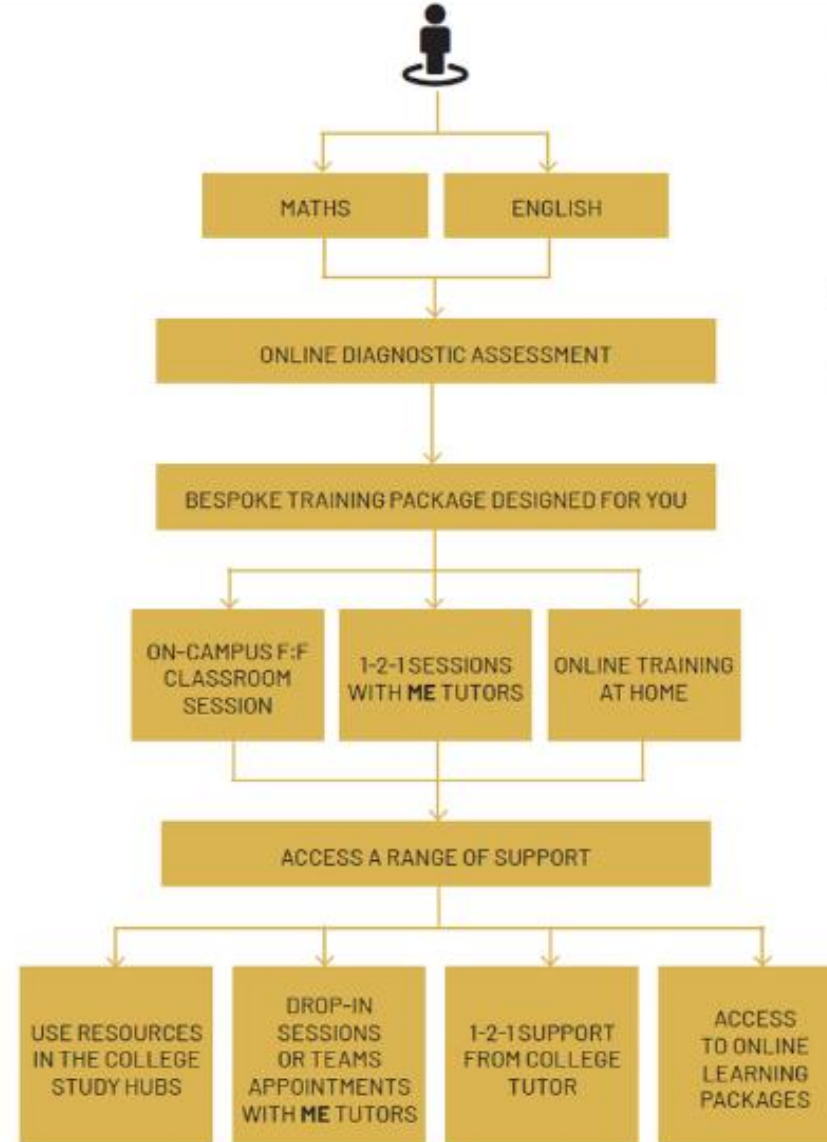

Functional Skills Qualifications

Functional Skills qualifications for math and English are designed for learners seeking to obtain an accredited qualification, which can be an entry requirement to other academic programs, and for those working towards apprenticeships.

Functional Skills qualifications provide learners with the essential skills to navigate real-life situations, support future employment opportunities, and further their studies confidently and successfully.

Delivery Model	Provider	Duration	Start Date
<u>Tutor Led sessions.</u> Online or Face to Face with support All scheduled study dates must be attended	Wolverhampton College	Approx 12 weeks per Subject	Feb, Sept & Nov
<u>Self-Directed Study</u>	BKSB – Online Platform	Self-directed, Student Led	Adhoc
<u>Exam Only Option</u> Suitable for individuals who are confident in their ability without any knowledge updates	Open Awards	English (Reading, Writing & Listening): 2x 1hr exams 1x 90min exam	Adhoc

Please contact the Apprenticeship Team for more information & how to apply on rwh-tr.wblapprenticeships@nhs.net

Through the new Bringing ME to you programme, delivered by City of Wolverhampton College, you can access tailor-made training to build on your strengths and help you overcome your weaknesses in either English or maths - or both!

What's more, training is FREE and flexible so you can fit it around your work and home commitments and work at a pace that suits you.

□ For more information or to apply contact the Trust Work-Based Learning Team on email rwh-tr.wblapprenticeships@nhs.net

Checktember

10 mins a day

Check your level

Boost your confidence

Build your number skills

Get checking your numeracy skills this September!

When you're busy at work, we know it can be hard to find time for personal development and to stay motivated to achieve your goals. One thing is certain: if you want to make the most of a current role and progress, feeling confident with numbers can help you.

Join us and National Numeracy for #Checktember and spend as little as 10 mins a day boosting your number skills and confidence with the #NationalNumeracyChallenge. The Challenge can help you to understand your current numeracy level and helps you to improve with tailored learning resources.

Give it a go for free at

www.nationalnumeracy.org.uk/challenge

Webinars & Information Sessions

Dynamic Training's Apprenticeship Webinars

Dynamic Training host various webinars which seek to inform, educate and answer questions on apprenticeships, the apprenticeship process and our various apprenticeship programmes.

Learner Information Sessions

Our learner information sessions are an essential first step in our engagement process. In these sessions, we delve into the specifics of our apprenticeship offerings, addressing how each programme can be tailored to fit individual learning paths and career goals. These sessions are crucial for learners to understand the scope, structure, and timing of our programmes, ensuring they are well-informed about the opportunities available to them for maximum professional impact.

Learner Information Sessions

Line Manager Information Session

Line Manager Information Sessions are designed to equip managers with a comprehensive understanding of our apprenticeship programme, its potential impact on their teams. These sessions provide managers with the insights needed to support their staff effectively through the apprenticeship process, ensuring that the development opportunities we offer are timely, relevant and integrated seamlessly into the broader context of organisational growth and success.

Line Manager Information Sessions

Mentoring an Apprentice Workshop

Assigning a workplace mentor is a powerful tool which can ensure learners settle into their role quickly and thrive in the workplace. Mentoring is a highly valuable development process and, at its core, it's the relationship between the mentor and the mentee where the development of the learner is the key focus.

Mentoring an Apprentice Workshop

A person wearing a graduation cap and gown is shown from the chest up, positioned on the right side of the frame. The image is heavily overlaid with a semi-transparent blue filter. The person's right hand is visible, resting on their lap. The background is a soft, out-of-focus light blue.

Free career development support open to all NHS staff

Seven free webinars to help you take charge of your career path

With so much change happening across the NHS, you might be thinking about your career and what comes next. We know it can feel daunting to apply for jobs, especially if you've been in the same role or sector for years. The job landscape has shifted, and applying for roles might look very different to the last time you did it.

These free webinars are open to anyone working in the NHS and cover everything from CV writing, career planning, interview skills and more. Whether you're considering your progression in the NHS or exploring how your transferable skills might open doors in a new direction, these practical webinars will help you feel more prepared. ENHANCE LEADERSHIP EXCELLENCE

Take your leadership skills to the next level with our Level 3 & 5 Management Courses - perfect for aspiring managers looking to grow, lead, and succeed.

LEVEL 3 CMI DIPLOMA IN THE PRINCIPLES OF LEADERSHIP AND MANAGEMENT

Equip your team with the essential leadership and management skills required to build high-performing teams, drive innovation, and optimise business operations. This CMI-accredited qualification is tailored for both current and aspiring leaders, providing practical skills that can be applied immediately in the workplace.

Units covered:

- Managing Own Personal and Professional Development
- Principles of Management and Leadership
- Managing a Team to Achieve Results
- Building Stakeholder Relationships using Effective Communication
- Contributing to the Delivery of a Project
- Managing Daily Activities to Achieve Results
- Managing Budgets and Resources

Duration:

- 6 - 7 months

Flexible Learning:

- One remote session per month, allowing professionals to balance work and study.
- Practical, workplace-focused training designed to deliver real business impact.

LEADERSHIP APPRENTICESHIP: OPERATIONS OR DEPARTMENTAL MANAGER (LEVEL 5)

Develop the next generation of business leaders with this comprehensive, high-impact apprenticeship. Delivered in partnership with Mindful Education, this programme combines online learning with in-person training, providing mid-level managers with the skills needed to transition into senior leadership roles.

Core Learning Areas:

- **Strategic & Operational Management** – Learn how to develop, implement, and evaluate business strategies that drive organisational
- **Project & Risk Management** – Gain expertise in planning, executing, and evaluating projects while mitigating potential risks.
- **Financial & Resource Planning** – Improve budgeting, forecasting, and financial decision-making skills to ensure sustainable business operations.
- **Team Leadership & Stakeholder Engagement** – Strengthen leadership skills to manage, motivate, and support teams while fostering strong relationships with external partners.
- **Change & Innovation Management** – Learn how to lead through change, implement innovative solutions, and drive business improvements.

Duration:

18 - 24 months

Programme Benefits:

- Apprentices earn a CMI Level 5 Certificate in Management and Leadership, demonstrating their expertise and readiness for senior roles.
- A practical learning approach enables professionals to apply new skills directly in their workplace.
- A flexible study model designed to fit around busy schedules and work commitments.
