

Instructions for using Cat Stereograms

Patient information and instructions

The prevention of infection is a major priority in all healthcare and everyone has a part to play.

- Please decontaminate your hands frequently for 20 seconds using soap and water or alcohol gel if available
- If you have symptoms of diarrhoea and/or vomiting, cough or other respiratory symptoms, a temperature or any loss of taste or smell please do not visit the hospital or any other care facility and seek advice from 111
- Keep the environment clean and tidy
- Let's work together to keep infections out of our hospitals and care homes.

Near stereogram exercise (cat card):

The aim of the exercise is to maintain a single image of the cat card you are directly looking at.

- If you require reading glasses these should be worn during these exercises
- If the Orthoptist has put a stick-on Fresnel prism over one lens of your reading glasses this should be kept on

1. Hold the stereogram card at arm's length, at the same level as your eyes.
2. Hold a pen halfway between your eyes and the card.
3. Look at the tip of the pen and concentrate on it. Ensure the pen is a single image.
4. Whilst still looking at the pen, you will notice the two cats starting to move apart from one another. Initially, four cats may appear like these below:

5. The middle two cats then fuse into a single cat in the middle with two ears, two whiskers and a tail:

****Breaks include looking outside /
closing the eyes for 5 minutes****

Repeat the above for mins times per day.
